Dr. Reddy's Laboratories in India

Dr. Reddy's Laboratories commenced its generics business in India in 1986 and is today a trusted name in the healthcare industry consistently serving the needs of millions of patients with high quality, affordable and innovative medicines across therapy areas.

Portfolio spanning wide range of therapy and disease areas

Over the years, the company has significantly grown its portfolio of products across mass and specialty therapies. Today, our portfolio has over 200 products covering the whole spectrum of disease areas spanning gastroenterology, oncology, pain management, cardiovascular, dermatology, urology, nephrology, rheumatology and diabetes. Seven of our brands are listed in "Top-300 of the Indian Pharma Market" and many others hold leadership positions in their respective categories.

Ensuring that medicines are available when needed

Dr. Reddy's has built a robust field force driven by the zeal to make a difference in the lives of patients. The 5000-member strong team network connects with more than three lakh doctors on a regular basis to ensure that quality medicines we make are available for patients across the length and breadth of the country. Their efforts are backed by our unique inventory management system, VIVA (Viable Vision), to ensure that the medicines are available for patients when they need it.

Going beyond the pill to address patient needs

As a company we have progressively transitioned from being a maker of molecules to a provider of medicines. Along the way we developed a deeper empathy for the needs of patients and their caregivers. This has impelled Dr. Reddy's as an organization to go beyond medicines and leverage our capabilities to meet some of these unmet patient needs. Our Purple Health initiative in India aims at taking patient care beyond the pill focusing our efforts in four areas:

- Disease awareness and convenient diagnosis
- Access to medicines
- Better therapy experience
- Adherence to therapy

Corporate Office - Dr. Reddy's Laboratories Ltd.

We accelerate
access to affordable
and innovative
medicines because
Good Health Can't Wait.

ACEBROBID 100mg

Composition : Acebrophylline Capsules 100mg

Packing : 10x10

MRP : 108.90

Indication :

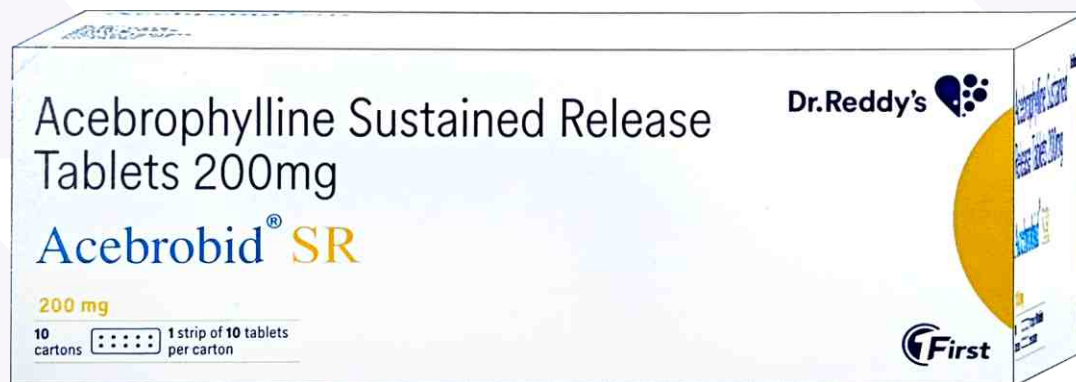

Acebrophylline is used for the treatment of chronic obstructive pulmonary disease (COPD) and bronchial asthma.

ACEBROBID SR

Composition : Acebrophylline Sustained Release Tablets 200mg

Packing : 10x1x10

MRP : 203.28

Indication :

Acebrophylline is used for the treatment of chronic obstructive pulmonary disease (COPD) and bronchial asthma.

ACEROC P

Composition : Aceclofenac & Paracetamol Tablets

Packing : 20x15

MRP : 119.60

Indication :

It reduces pain and fever. It is used more commonly to relieve common colds, toothaches, headaches, etc. Aceclofenac + Paracetamol works effectively against the pain as well as the fever.

CEFIWOK - CV

Composition : Cefixime, Clavulanate and Potassium Tablets

Packing : 10x1x10

MRP : 291.50

Indication :

This is a combination of Cefixime and clavulanic acid as its active ingredients. An antiboitic mediicine used for the treatment of svere infection of the urinary tract, lung, throat, tonsils and skin caused by various organisms. it works by inhibiting the formation of cell walls and kills the various susceptible bacterial organisms.

CEFIWOK-O 200mg

Composition : Cefixime and Ofloxacin Tablets

Packing : 10x10

MRP : 175.00

Indication :

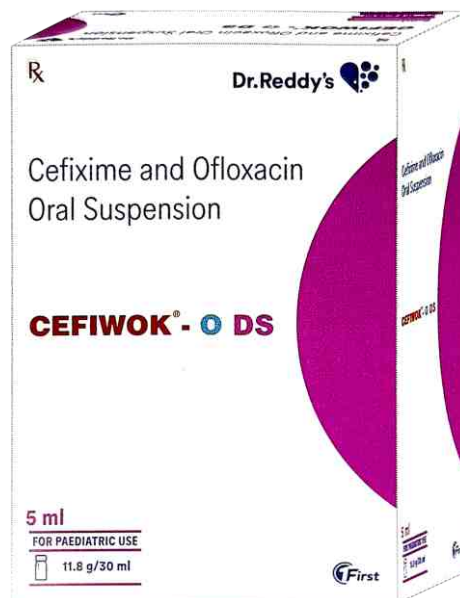

This is a combination of two antibiotics: Cefixime and Ofloxacin. Cefixime works by preventing the formation of the bacterial protective covering which is essential for the survival of the bacteria in the human body. Ofloxacin works by preventing the bacteria from reproducing and repairing themselves. Together, they treat your infection effectively.

CEFIWOK-O DS

Composition : Cefixime and Ofloxacin Oral Suspension

Packing : 5ml

MRP : 63.84

Indication :

CEFIXIME+OFLOXACIN belongs to a group of medications called 'cephalosporin antibiotics' primarily used for the treatment of a wide range of bacterial infections of the skin, ears, lungs, prostate and urinary tract.

CETZINE FX 120mg

Composition : Fexofenadine Tablets IP 120 mg

Packing : 10x10

MRP : 200.00

Indication :

Fexofenadine hydrochloride 120 mg Film-Coated Tablets are used in adults and adolescents of 12 years and older to relieve the symptoms that occur with hay fever (seasonal allergic rhinitis) such as sneezing, itchy, runny or blocked nose and itchy, red and watery eyes.

CETZINE FX 180mg

Composition : Fexofenadine Tablets IP 180 mg

Packing : 10x10

MRP : 230.00

Indication :

Fexofenadine hydrochloride 180 mg Film-Coated Tablets are used in adults and adolescents of 12 years and older to relieve the symptoms that occur with long term allergic skin reactions (chronic idiopathic urticaria) such as itching, swelling and rashes.

DIALEX COLD

Composition : Phenylephrine Hydrochloride & Chlorpheniramine Maleate Syrup IP

Packing : 60ml

MRP : 110.25

Indication :

Chlorpheniramine Maleate + Phenylephrine Hydrochloride belongs to the group of medications called 'anti-allergic agents' primarily used to treat symptoms of the common cold and allergies like sneezing, runny/stuffy nose, congestion, or watery eyes. The common cold is a respiratory illness affecting the nose and throat.

DIALEX DC+

Composition : Dextromethorphan Hydrochloride & Chlorpheniramine Maleate Cough Syrup

Packing : 100ml

MRP : 130.00

Indication :

Dextromethorphan + Chlorpheniramine Maleate is used in the treatment of dry cough. It is used for the temporary relief of cough due to throat irritation, sneezing, and running nose.

DR EXCELD3

Composition : Cholecalciferol Capsules USP 60000 IU

Packing : 10x8 | 10x4

MRP : 245.90

MRP : 137.80

Indication :

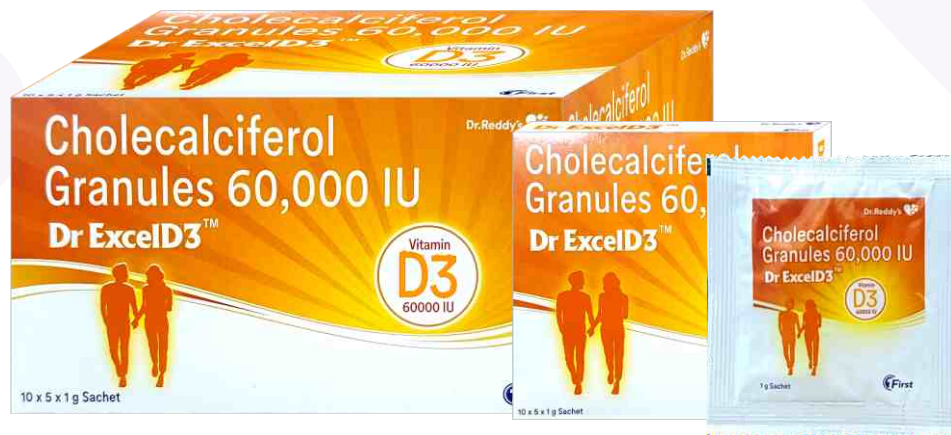

Cholecalciferol is used to treat low blood calcium levels. It effectively treats various conditions in the body like Vitamin D deficiency, osteoporosis, hypoparathyroidism, latent tetany and rickets or osteomalacia.

DR EXCELD3

Composition : Cholecalciferol Granules 60000 IU

Packing : 10x5x1g

MRP : 38.05

Indication :

It contains vitamin D3, which is also known as cholecalciferol or cholecalciferol. This sachet is also used as supportive therapy for conditions such as osteoporosis. The bones become fragile due to low calcium levels in osteoporosis.

ECLOSPAN 5gm

Composition : Beclomethasone Dipropionate, Neomycin Sulphate And Miconazole Nitrate Cream 5gm

Packing : 5gm

MRP : 70.00

Indication :

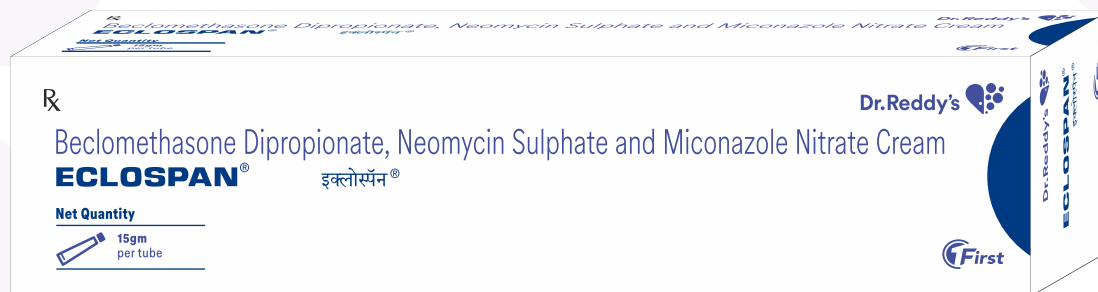

Beclometasone + Neomycin + Miconazole is a combination of three medicines: Beclometasone , Neomycin and Miconazole which treat skin infections. Beclometasone is a steroid which blocks the production of certain chemical messengers (prostaglandins) that make the skin red, swollen and itchy. Neomycin is an antibiotic which stops the growth of bacteria while Miconazole is an antifungal which stops the growth of fungi on the skin. Together, they treat your skin infection effectively.

ECLOSPAN 15gm

Composition : Beclomethasone Dipropionate, Neomycin Sulphate And Miconazole Nitrate Cream 15gm

Packing : 15gm

MRP : 156.00

Indication :

Beclometasone + Neomycin + Miconazole is a combination of three medicines: Beclometasone , Neomycin and Miconazole which treat skin infections. Beclometasone is a steroid which blocks the production of certain chemical messengers (prostaglandins) that make the skin red, swollen and itchy. Neomycin is an antibiotic which stops the growth of bacteria while Miconazole is an antifungal which stops the growth of fungi on the skin. Together, they treat your skin infection effectively.

FM 24

Composition : Montelukast and Fexofenadine Tablets

Packing : 10x10

MRP : 224.50

Indication :

It works by blocking the action of a chemical messenger called leukotriene. This reduces inflammation (swelling) in the airways and nose and improves symptoms. Fexofenadine is an antiallergic which blocks the action of another chemical messenger (histamine) responsible for runny nose, watery eyes and sneezing.

Levorac 250

Composition : Levofloxacin Tablets IP 250mg

Packing : 10x1x10

MRP : 53.30

Indication :

It is an antibacterial medicine that is used to treat bacterial infections of the urinary tract, nose, throat and skin. it contains levofloxacin as its main ingredient that belongs to the group of antibiotics called fluoroquinolone.

Levorac 500

Composition : Levofloxacin Tablets IP 500mg

Packing : 10x1x10

MRP : 98.50

Indication :

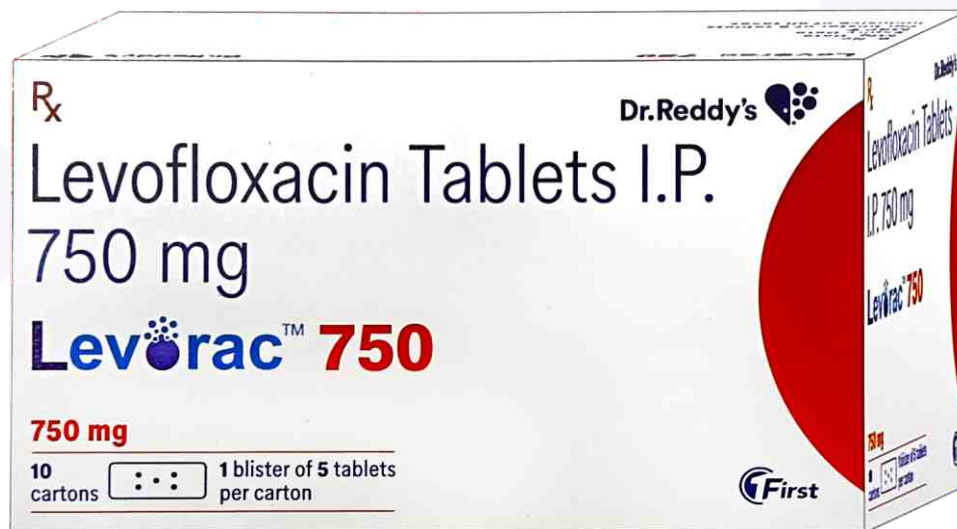

It is an antibacterial medicine that is used to treat bacterial infections of the urinary tract, nose, throat and skin. it contains levofloxacin as its main ingredient that belongs to the group of antibiotics called fluoroquinolone.

Levorac 750

Composition : Levofloxacin Tablets IP 750mg

Packing : 10x2x5

MRP : 66.61

Indication :

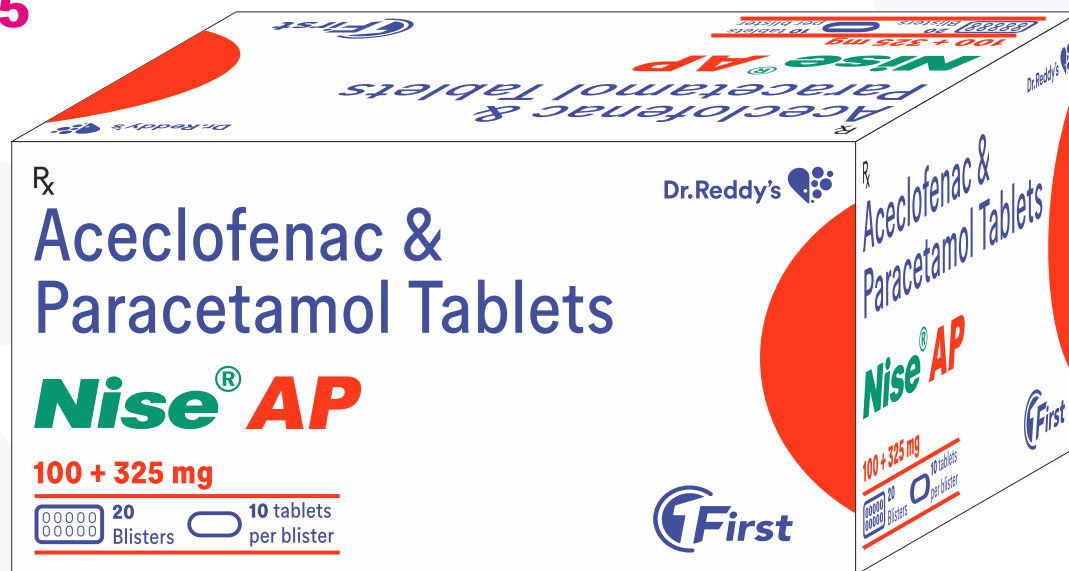

It is an antibacterial medicine that is used to treat bacterial infections of the urinary tract, nose, throat and skin. it contains levofloxacin as its main ingredient that belongs to the group of antibiotics called fluoroquinolone.

NISE AP

Composition : Aceclofenac & Paracetamol Tablets

Packing : 20x10

MRP : 79.75

Indication :

It reduces pain and fever. It is used more commonly to relieve common colds, toothaches, headaches, etc. Aceclofenac + Paracetamol works effectively against the pain as well as the fever.

NISE AP

Composition : Aceclofenac, Paracetamol & Thiocolchicoside Tablets

Packing : 10x1

MRP : 260.90

Indication :

This is a combination of a muscle relaxant (Thiocolchicoside) and two pain relievers (Aceclofenac , Paracetamol). The muscle relaxant works on the centers in the brain and spinal cord to relieve muscle stiffness or spasm and improve movement of muscles.

NISE D Spray

Composition : Diclofenac Diethylamine, Virgin Linseed Oil, Methyl Salicylate and Menthol

Packing : 35gm / 55gm

MRP : 108.90

MRP : 157.30

Indication :

Its a pain relief spray that helps relieve musculoskeletal and joint pain. It is a potent topical analgesic formulation that helps in soothing inflammation, reducing swelling & alleviating arthritic pains. This Spray is an ideal product to provide fast and effective pain relief.

NORILET-OZ

Composition : Ofloxacin and Ornidazole Tablets IP

Packing : 20x10

MRP : 107.80

Indication :

Ofloxacin + Ornidazole is used in the treatment of bacterial & parasitic infections. It is used to treat gastrointestinal infections such as acute diarrhea or dysentery, gynecological infections, lung infections and urinary infections.

OMEZ ANTACID

Composition : Antacid Antigas Liquid

Packing : 200ml

MRP : 123.00

Indication :

This medication is used to treat the symptoms of too much stomach acid such as stomach upset, heartburn, and acid indigestion. It is also used to relieve symptoms of extra gas such as belching, bloating, and feelings of pressure/discomfort in the stomach/gut.

OMEZ ANTACID TABLET

Composition : Activated Dimethicone, Magnesium Hydroxide, Dried Aluminium Hydroxide And Aluminium Magnesium Silicate Tablet

Packing : 5x3x15

MRP : 77.00

Indication :

This is belongs to a group of medicines called antacids used to treat acidity, heartburn, indigestion, gastritis (inflammation of the stomach), and stomach upset. The stomach is usually protected from the acid by a mucous layer.

OMEZ LAX L

Composition : Lactulose Solution USP

Packing : 200ml

MRP : 258.30

Indication :

Lactulose is a synthetic sugar used to treat constipation. It is broken down in the colon into products that pull water out from the body and into the colon. This water softens stools. Lactulose is also used to reduce the amount of ammonia in the blood of patients with liver disease.

ORO-CV 625

Composition : Amoxicillin And Potassium Clavulanate Tablets IP

Packing : 1x10

MRP : 204.80

Indication :

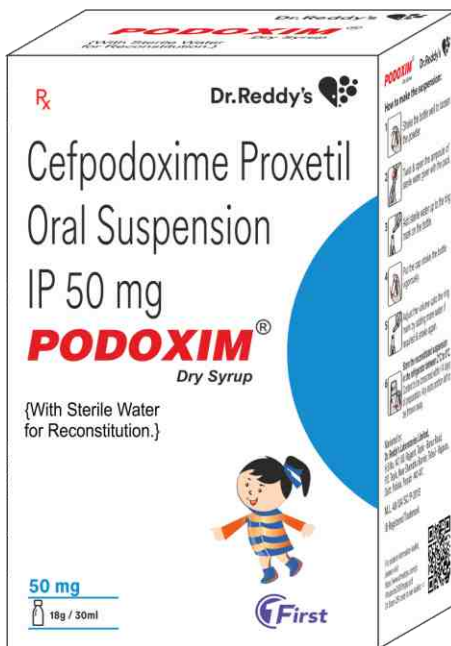

The combination of amoxicillin and clavulanic acid is used to treat certain infections caused by bacteria, including infections of the ears, lungs, sinus, skin, and urinary tract. Amoxicillin is in a class of medications called penicillin-like antibiotics. It works by stopping the growth of bacteria.

PODOXIM 50mg

Composition : Cefpodoxime Oral Suspension IP 50 mg

Packing : 18g / 30ml

MRP : 97.90

Indication :

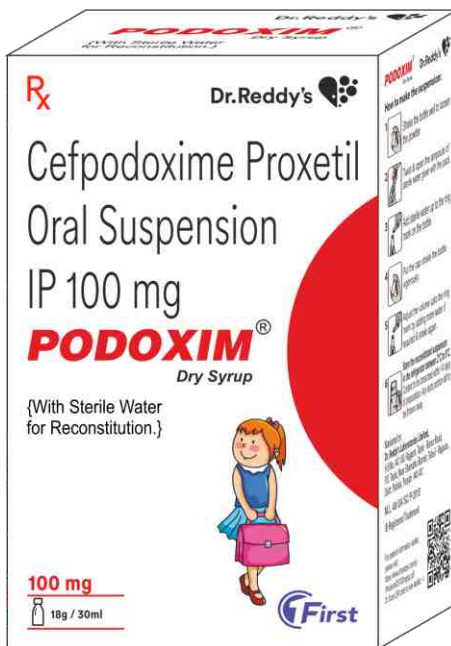

Cefpodoxime is used to treat bacterial infections in many different parts of the body. It belongs to the class of medicines known as cephalosporin antibiotics. It works by killing bacteria or preventing their growth. However, this medicine will not work for colds, flu or other virus infections.

PODOXIM 100mg

Composition : Cefpodoxime Oral Suspension IP 100 mg

Packing : 18g / 30ml

MRP : 158.90

Indication :

Cefpodoxime is used to treat bacterial infections in many different parts of the body. It belongs to the class of medicines known as cephalosporin antibiotics. It works by killing bacteria or preventing their growth. However, this medicine will not work for colds, flu or other virus infections.

PODOXIM 200

Composition : Cefpodoxime Tablets IP 200 mg

Packing : 10x10

MRP : 189.70

Indication :

Cefpodoxime is used to treat certain infections caused by bacteria such as bronchitis (infection of the airway tubes leading to the lungs); pneumonia; gonorrhea (a sexually transmitted disease); and infections of the skin, ear, sinuses, throat, tonsils, and urinary tract.

PODOXIM CV

Composition : Cefpodoxime And Potassium Clavulanate Tablets

Packing : 1x10

MRP : 438.60

Indication :

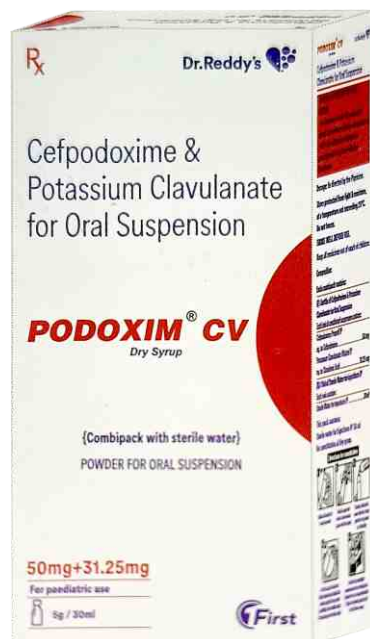

Cefpodoxime Proxetil + Clavulanic Acid is a combination of two medicines: Cefpodoxime Proxetil and Clavulanic Acid. Cefpodoxime Proxetil is an antibiotic. It works by preventing the formation of the bacterial protective covering which is essential for the survival of bacteria. Clavulanic Acid is a beta-lactamase inhibitor which reduces resistance and enhances the activity of Cefpodoxime Proxetil against bacteria.

PODOXIM CV Dry Syrup

Composition : Cefpodoxime and Potassium Clavulanate for Oral Suspension

Packing : 30ml

MRP : 135.00

Indication :

Cefpodoxime And Potassium Clavulanate Oral Suspension is a combination of two medicines. It is prescribed to treat respiratory tract infections. It treats the infection and prevents further growth and spread of the microorganisms.

POWERCEF 1g

Composition : Ceftriaxone Injection IP 1g & Sterile Water for Injection IP 10ml

Packing : 1g / Vial

MRP : 69.80

Indication :

Ceftriaxone is used to treat bacterial infections in many different parts of the body. This medicine is also given before certain types of surgery to prevent infections. Ceftriaxone belongs to the class of medicines known as cephalosporin antibiotics. It works by killing bacteria or preventing their growth.

POWERCEF-S 1.5g

Composition : Ceftriaxone & Sulbactam for Injection IP 1.5gm & Sterile Water for Injection IP 10ml

Packing : 1.5g / Vial

MRP : 184.25

Indication :

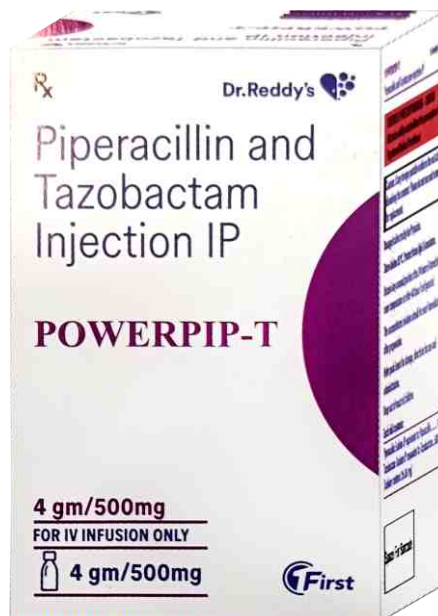

Ceftriaxone + Sulbactam for Injection is indicated in infections caused by Ceftriaxone sodium- sensitive pathogens and may be used in the clinical settings in Sepsis, Meningitis, Abdominal Infections (e.g. Peritonitis, infection of the biliary tract), infections of the Bones, Joints, Soft tissue & Skin and of wounds.

POWERPIP-T

Composition : Piperacillin and Tazobactam Injection IP

Packing : 1 vial

MRP : 447.31

Indication :

Piperacillin and tazobactam combination injection is used to treat bacterial infections in many different parts of the body (eg, stomach or bowel, lungs, skin, female reproductive organs).

PRACTIN

Composition : Cyproheptadine Hydrochloride Syrup IP

Packing : 200ml

MRP : 145.00

Indication :

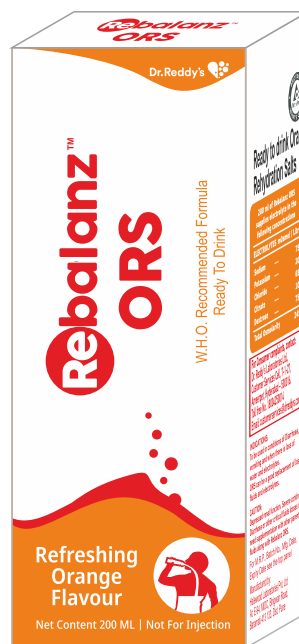

Cyproheptadine relieves red, irritated, itchy, watery eyes; sneezing; and runny nose caused by allergies, irritants in the air, and hay fever. It may also be used to relieve the itching of allergic skin conditions, and to treat hives, including hives caused by exposure to cold temperatures and by rubbing the skin.

Rebalanz ORS

Orange Flavour - WHO Recommended Formula

Packing : 200ml

MRP : 29.40

Indication :

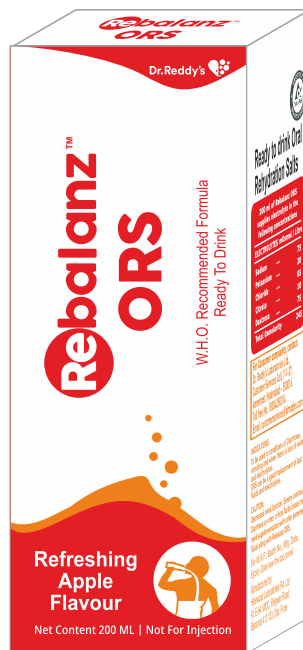

Oral rehydration solutions (ORS) are used to treat dehydration caused by diarrhea, a common illness in travellers. Unlike other fluids, the ratio of the ingredients in an ORS matches what the body needs to recover from a diarrheal illness.

Rebalanz ORS

Apple Flavour - WHO Recommended Formula

Packing : 200ml

MRP : 29.40

Indication :

Oral rehydration solutions (ORS) are used to treat dehydration caused by diarrhea, a common illness in travellers. Unlike other fluids, the ratio of the ingredients in an ORS matches what the body needs to recover from a diarrheal illness.

Rebalanz ORS

Orange Flavour - Oral Rehydration Salts IP

Packing : 21gm

MRP : 24.20

Indication :

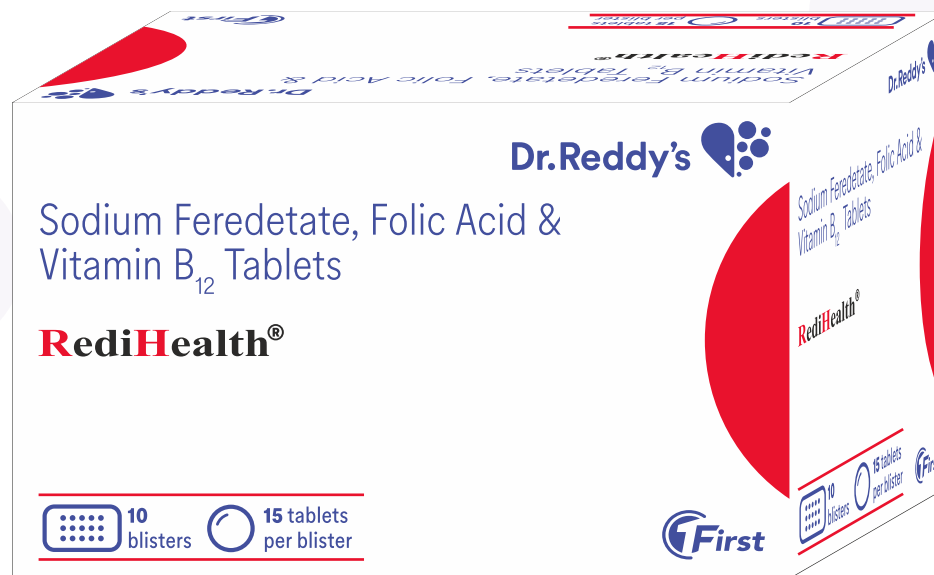

Oral rehydration solutions (ORS) are used to treat dehydration caused by diarrhea, a common illness in travellers. Unlike other fluids, the ratio of the ingredients in an ORS matches what the body needs to recover from a diarrheal illness.

REDIHEALTH

Composition : Sodium Feredetate, Folic Acid and Vitamin B12 tablets

Packing : 10x15

MRP : 171.50

Indication :

This combination of two medicines: Sodium Feredetate and Folic Acid. Sodium Feredetate works by replenishing the iron stores in your body. Iron is vital for formation of new red blood cells and haemoglobin, a substance that gives these cells the ability to transport oxygen. Folic Acid is a form of vitamin B. It plays a vital role in the formation of red blood cells, which carry oxygen throughout the body. It also contains vitamin B12, that restores its level in the body thereby helping in treating certain animes and nerve problems.

REDIHEALTH XT

Composition : Ferrous Ascorbate & Folic Acid Tablet IP

Packing : 15x10

MRP : 175.00

Indication :

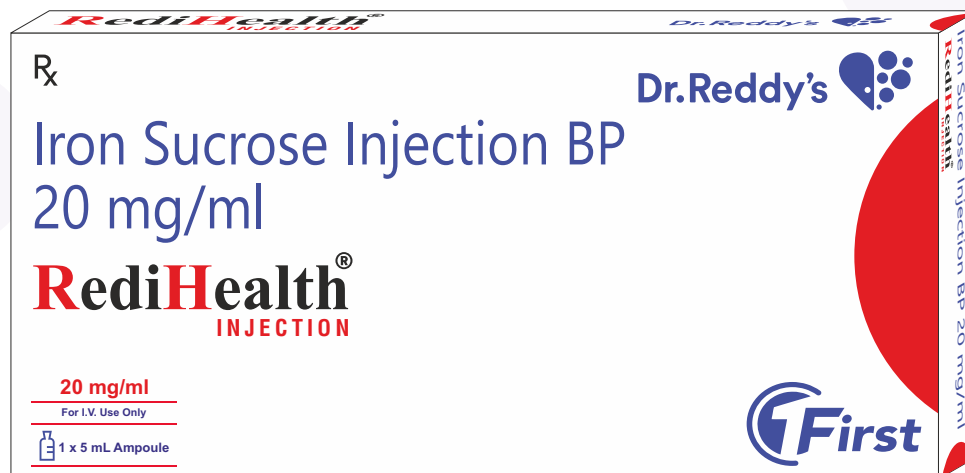

Ferrous Ascorbate tablets are crucial for the treatment of anaemia resulting from iron deficiency. Folic Acid helps to produce red blood cells, promoting oxygen supply to all parts of the body. It also helps prevent spina bifida (a congenital disability in a baby's spinal cord) when used during pregnancy.

REDIHEALTH Injection

Composition : Iron Sucrose Injection BP 20mg/ml

Packing : 1x5ml

MRP : 231.44

Indication :

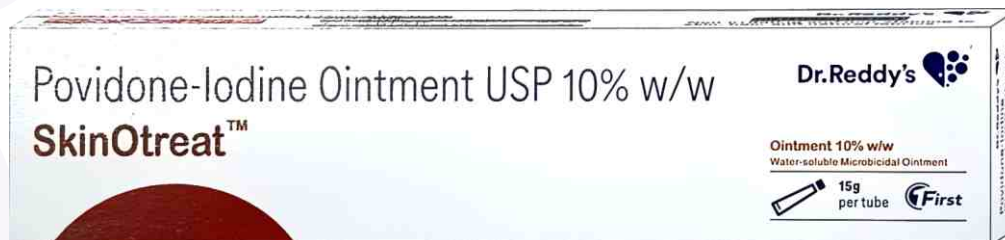

Iron sucrose injection is an iron replacement product that is used to treat iron deficiency anemia (not enough iron in the blood) in patients with chronic kidney disease (CKD).

SKINOTREAT Ointment

Composition : Povidone-Iodine Ointment USP 10% w/w

Packing : 15g

MRP : 108.60

Indication :

A topical antiseptic that is used & prevent infections in minor wounds or cuts. It provides infection against a variety of germs that can cause infection in minor cuts, wounds, scrapes and burns, It contains povidone-iodine as its active ingredient.

SKINOTREAT Powder

Composition : Povidone-Iodine Powder 5% w/w

Packing : 10g

MRP : 96.00

Indication :

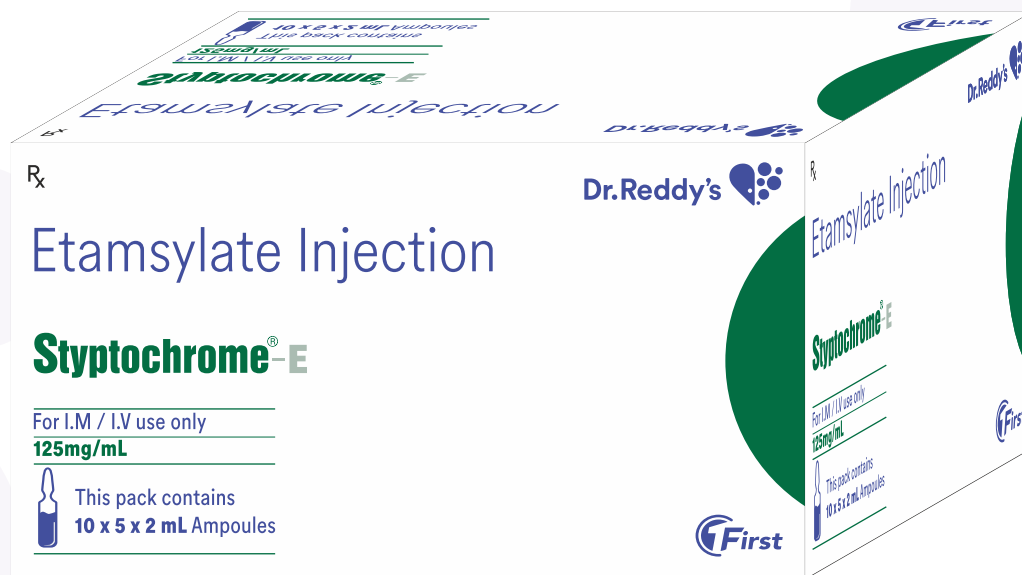

Povidone Iodine that is an antiseptic and germicidal (that kills germs/bacteria). It is used to treat and prevent infection of minor wounds and cuts. This medicine works by killing bacteria and controlling the growth of bacteria.

STYPTOCHROME-E

Composition : Etamsylate Injection

Packing : 10x5x2ml Ampoules

MRP : 25.41

Indication :

Etamsylate is used in the treatment of bleeding. It is used to prevent or reduce bleeding in conditions like abnormal blood loss during periods and dysfunctional uterine bleeding. It also prevents or reduces bleeding during, before or after delicate surgeries.

SUPAMOVE GEL

Composition : Diclofenac, Virgin Linseed Oil, Methyl Salicylate & Gel

Packing : 30g

MRP : 158.50

Indication :

This is used for the treatment of pain, swelling and inflammation due to muscle, joint and bone-related disorders. It is used in relieving pain due to sprains, strains, tendinitis, bursitis, hand, neck, shoulder pain, sciatica, muscle stiffness, joint pain, backache.

THROATEASY-GT

Composition : Ambroxol Hcl, Terbutaline Sulphate, Guaiphenesin & Menthol Syrup

Packing : 100ml

MRP : 91.25

Indication :

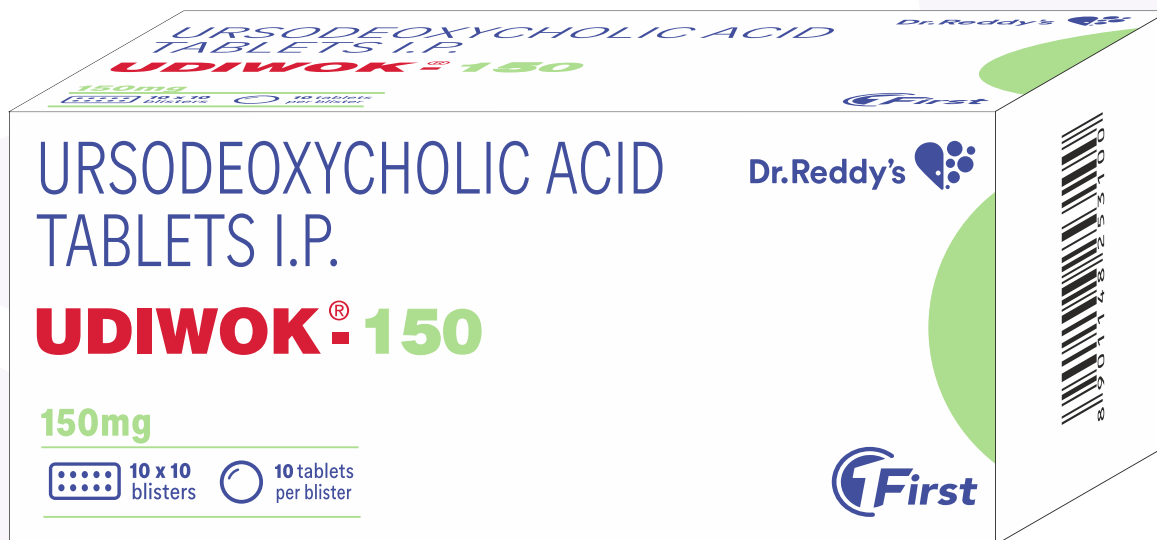

Ambroxol Hydrochloride + Guaiphenesin + Terbutaline Sulphate + Menthol is a combination medication used to treat productive cough associated with bronchial asthma, bronchiectasis, chronic obstructive pulmonary diseases (COPD), bronchitis (inflammation of bronchial tubes), and emphysema (shortness of breath).

UDIWOK-150

Composition : Ursodeoxycholic Acid Tablet IP

Packing : 10x10

MRP : 210.50

Indication :

Ursodeoxycholic Acid is a hepatoprotective medication. It works by reducing the amount of cholesterol in the blood and helps dissolve gallbladder stones that are composed mainly of cholesterol. It also improves liver enzymes, protects liver cells from injury caused due to toxic bile acids, and improves liver function.

UDIWOK-300

Composition : Ursodeoxycholic Acid Tablet IP 300mg

Packing : 10x15

MRP : 526.75

Indication :

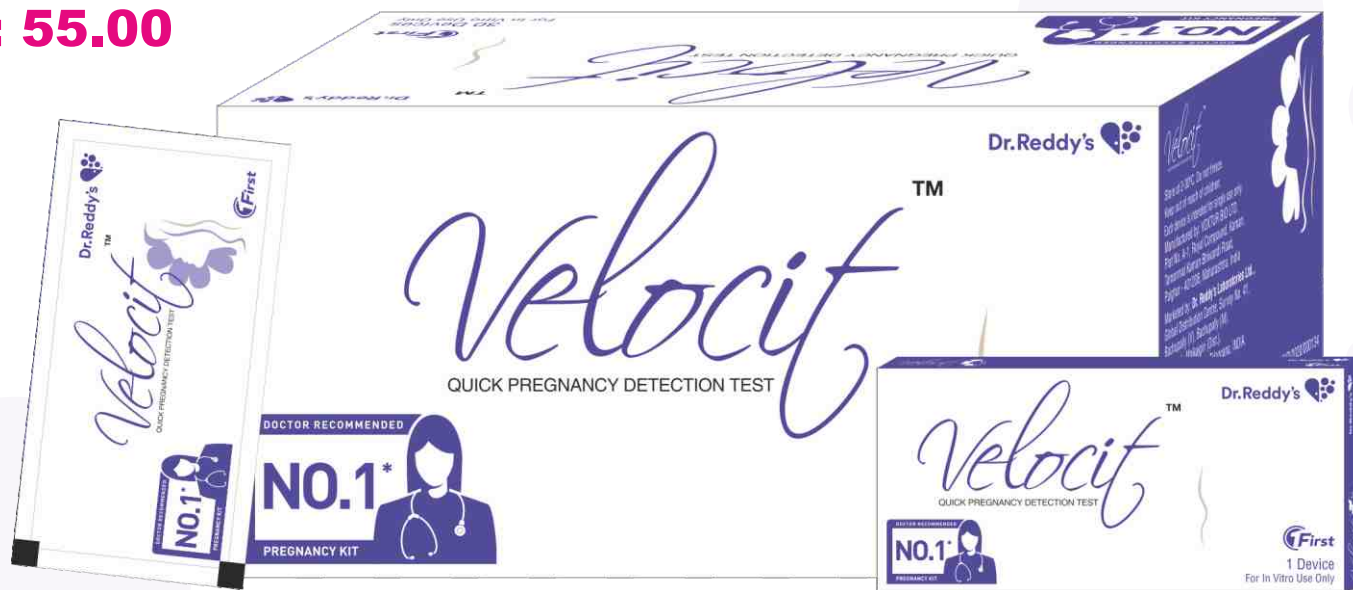

Ursodeoxycholic Acid is a hepatoprotective medication. It works by reducing the amount of cholesterol in the blood and helps dissolve gallbladder stones that are composed mainly of cholesterol. It also improves liver enzymes, protects liver cells from injury caused due to toxic bile acids, and improves liver function.

VELOCIT Test Kit

Composition : One Step HCG Urine Pregnancy Test

Packing : 1x30

MRP : 55.00

Indication :

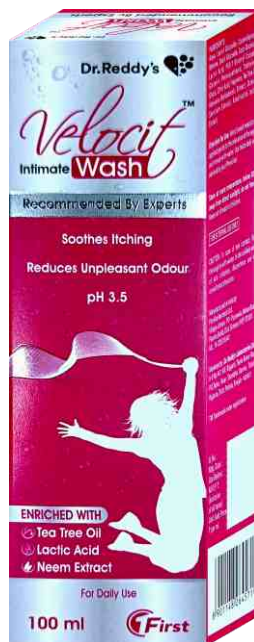

hCG One Step Pregnancy Test Strip (Urine/Serum) is a rapid test that qualitatively detects the presence of hCG in urine or serum specimen at the sensitivity of 25 mIU/mL. The test utilizes a combination of monoclonal and polyclonal antibodies to selectively detect elevated levels of hCG in urine or serum.

VELOCIT INTIMATE WASH

Composition : Perellial Liquid Wash

Packing : 100ml

MRP : 165.00

Indication :

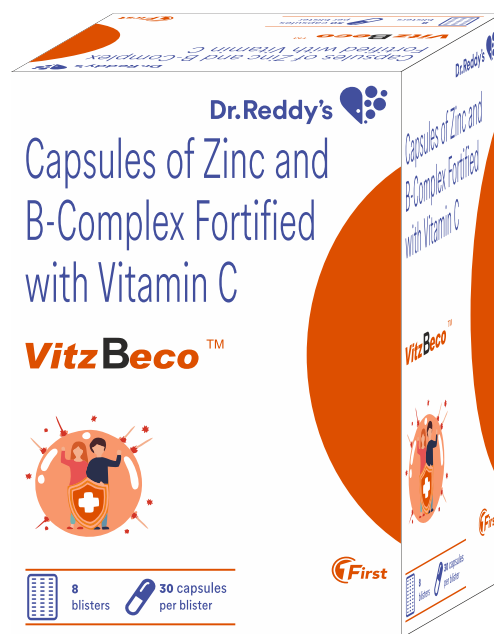

Intimate wash helps balance vaginal pH level and helps your vagina to stay healthy. It helps in preventing bacterial or fungal infection in the vaginal area. It also supports the growth of good bacteria called Lactobacillus, which is important for a healthy and fresh vagina.

VITZBECO

Composition : Capsules of Zinc and B-Complex Fortified with Vitamin C

Packing : 8x30

MRP : 56.75

Indication :

This product is a combination of B vitamins used to treat or prevent vitamin deficiency due to poor diet, certain illnesses, alcoholism, or during pregnancy. Vitamins are important building blocks of the body and help keep you in good health.

WINOFIT GOLD

Composition : Amino Acids, Vitamins, Minerals, Antioxidants With Green Tea Extracts & Wheat Germ Oil

Packing : 2x15

MRP : 245.00

Indication :

- Reduces everyday tiredness and fatigue.
- Relieves mental stress, Improves memory performance.
- Provides antioxidant and cardiovascular benefits.
- Improves immunity and helps in recovery after illness.

ZOVANTA 40mg

Composition : Pantoprazole Tablets IP

Packing : 10x15

MRP : 174.75

Indication :

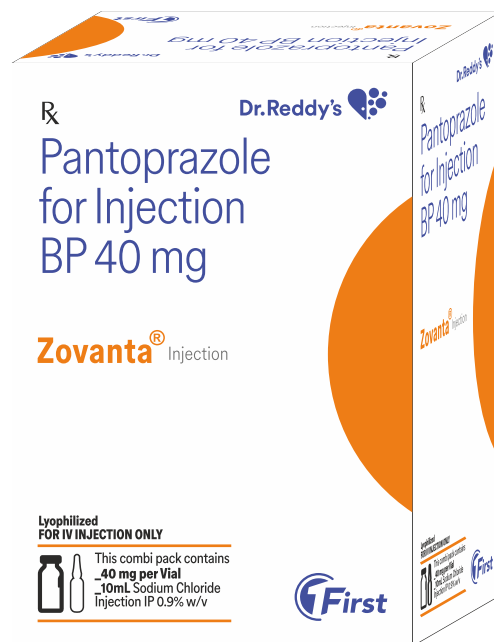

Pantoprazole is used in the treatment of heartburn, gastroesophageal reflux disease (acid reflux) and peptic ulcer disease.

ZOVANTA Inj

Composition : Pantoprazole for Injection BP 40mg

Packing : 10ml

MRP : 56.50

Indication :

This injection is used as a short-term treatment to treat gastroesophageal reflux disease (GERD; a condition in which backward flow of acid from the stomach causes heartburn and possible injury of the esophagus [the tube between the throat and stomach]) in people who have had damage to their esophagus

ZOVANTA-D

Composition : Pantoprazole Gastro-Resistant and Domperidone Prolonged-Release Capsules IP

Packing : 10x15

MRP : 225.50

Indication :

This combination of two medicines: Domperidone and Pantoprazole. Domperidone is a prokinetic which works on the upper digestive tract to increase the movement of the stomach and intestines, allowing the food to move more easily through the stomach. Pantoprazole is a proton pump inhibitor (PPI) which works by reducing the amount of acid in the stomach which helps in the relief of acid-related indigestion and heartburn.
