In 1973, two brothers - Late Shri. Samprada Singh and Shri. Basudeo Narain Singh, decided to change the Indian Pharmaceutical Market that was dominated by International companies. This bold step redefined the potential of Indian pharmaceutical companies.

Today Alkem Laboratories, ranked 5th in the Indian Pharma market commands the status of one of world's leading global pharmaceutical formulation development, manufacturing and marketing companies from India. Brands like Clavam, Pan, Pan-D, Taxim-O, A to Z Ns and Xone are among Alkem's 20 brands that feature in the Top 300 brands in the Indian Pharma Market.

Alkem Generics - the Generic division of Alkem Laboratories was launched in FY 1998 and today is Ranked No.1 in the Trade Generic Market.

Over the last 3 yrs. Alkem Generics has dominated the Trade Generics Market with its turnover doubling from 1000 Crs to 2000 Crs.

While 2023 is the Golden Jubilee year of Alkem Laboratories, it is the Silver Jubilee year of Alkem Generics.

Today the 5 divisions in Alkem Generics cluster- Futura, Futura Nexx, Maxxio, Novokem and Alkem Healthcare are well established in the market.

We have one of the most elaborate networking Warehouses, CFAs, Superstockists and Stockists.

Having a presence across a wide range of therapies, Alkem Generics has built highly successful brands like Omeo, Almox, Alkof, Aldigesic, Pregakem, Playgard, Pamagin, Ketokem, Orogard, Omeeran, Diclokem AQ etc.

Warm Regards
